BEFORE THE
POLLUTION CONTROL HEARINGS BOARD
STATE OF WASHINGTON

IN THE MATTER OF)
CHARLES G. AND)
VIRGINIA M. LISNER,)
)
Appellant,)
)
vs.)
)
STATE OF WASHINGTON,)
DEPARTMENT OF ECOLOGY,)
)
Respondent.)
_____)

PCHB No. 56
ORDER OF DISMISSAL

On August 26, 1971, a telegram was received from Charles G. and Virginia M. Lisner protesting the granting of Surface Water Application Nos. 22487 and 22488 made by Jesse C. and Estelle M. Foster.

The Board on September 1, 1971 notified Mr. Lisner that it would accept the telegram as a timely Notice of Appeal if it was supplemented by the information required by our rule as to the contents of a Notice of Appeal (WAC 371-08-075), and the rule was quoted in full in our letter. We have never received any further communication from the Lisners or from their attorney.

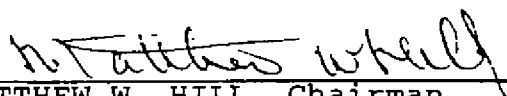

On October 20, 1971, the Board again wrote Mr. Lisner advising that it was necessary that they perfect their appeal, and on November 29, 1971, the Board again wrote Mr. Lisner advising him the appeal would be dismissed on December 7, 1971 unless the

necessary steps were taken to perfect the appeal. A return receipt shows that this letter was received by Mr. Lisner on December 1, 1971.

The appeal having not been perfected, the Board on its own motion, hereby dismisses the appeal for want of prosecution, i.e., a failure to perfect the appeal.

DONE at Olympia, Washington this 7th day of December, 1971.
